ABOUT
COMPANY

BENISON Media started its journey in 2014 with the launch of **Think Grain Think Feed** – A monthly magazine for the feed industry. Within a short period, the magazine with its engaging exclusive content made a niche in the market.
A year later, in association with NDRI, Karnal, the company diversified into exhibitions for the feed and dairy industry. Since then, the company has been organizing annual exhibitions – **Feed Tech Expo & Dairy Industry Expo**. As per market feedback, both exhibitions are now organized in Pune.
In June 2024, the company in association with Jordbrukare, a leading dairy analytics firm, is launching **Dairy Dimension**. It is a premier bi-monthly magazine that connects the leaders and innovators of the Indian dairy sector.
